Philadelphia, July 28th 1874

My dear Dr Englemann.

I was much disappointed when I found I would have to leave Colorado to come East before having the pleasure of meeting you. I spent your letter asked me just before I started East, and although I learned that I could not meet you in St Louis, where I wished to submit some plants to you. In St Louis I made the acquaintance of Mr Shaw who showed me some of your publications and the splendid Lot of Cactus which his garden possesses.

I take pleasure in enclosing you a

Claim ticket to Cañon and back

We do not give passes over our road. but when anyone has written and done so much for botany & other subjects tending to draw the attention of the people of the U.S. towards our resources, and prove to us the highly intelligent classes, as you have done. we wish them to see our country, and can under our rules give tickets, Please turn upon ~~find ticket~~ for yourself wife & Cañon City and return; I hope you will call on Gen Palmer in Colorado Springs, He takes an interest in all that relates to science. & will be very glad to meet you. & I hope to hear soon that you think of our country

Yours truly Robt H Lamborn.

Colorado Springs 187

8000 ft above the sea yesterday.
The local flora is doing a wonderful
deal of good for the Science & hope
Bro Porter will get out a new
edition for the new plants & new
additional facts.

We want the times of flowering &
for all the Species.

I could give it for about 200.
Mr. Baudrye I have urged to
collect especially this information
for future publication.

I hope Mr. Baudrye can be persuaded
to write a monograph of the Genus
Astragalus. No one could be better located
than he for studying this difficult group
in all Stages of Inflorescence &
fruit. I enclose a map of
Manitou Springs. push out
